Dear El Vera. I have been going to
write to you for such a long time. So though
I had better start to say. Well as written
to me two or three times and I havent
wrote to him for a long time. I received
the Candy and card all rite was mery
nice of you to remember me. we got
Lorinas letter to day telling us that she
got there all rite. I am shure she would be
glad to have some one there to meet here
that is all that worried me I was a'fraid
maybe you wouldnt get her letter or some
thing and no one to meet here it would
have been awfull. but I am glad she is
there all rite. I think she wil like the work
all rite. but if she dont she hadnt better take
it she can tell more a bout it when she gets
startid. Well I suppose you have made up
for the time you lost while home or do is your
summer school last untill the middle of
sept. our school starts the first of sept as
a boat that time this year. we have two
Teachers besides Bro Martensen so far he is
expecting a lady teacher soon. you see the church
sends one out and pay half is wages and
he will teach Phology half the time and other
sudy the rest of the time. and then we have
a smith use man he teaches agriculture
and the state pay some of is wages. so
we thought we could get a long with
one. no teacher. I suppose we will have
quite a larg school a.

I told Loving she didnt need to buy her books
untill she started to work, and then she could
give a check on us for them or maby you had
better for her be cause they know you better, and
if she as to have a littl a long before starting
you can get it for her. it seems quite lonesome
a round the house now, so many gone little
Elbert seems to miss Loving more than
any of them he went a round all day calling
Minnie and then this morning he was
looking at a Catolog, and he said here
minnie. Well it will be nice if you can
all finish. if you can get your degree next
year and Abel can fill a good mission and
Loving can finish what she is expecting
to take. Will seems to enjoy is mission so
well I hope he continues to. we are proud
of you all and want to do every thing we
can to help you trough. Loving recived a letter
from Will to day or that is we recived it for
her we read it and will send it to her.

Loving never said any thing a bout Grand
Ma. but I suppose she is well or she would
have said some thing. Well Uncle John as
just come in and Maather said dinner
is ready and the children is running
trough the house just home from Sunday
school you no just a bout how it
is but they as all well and bushy.
I suppose Maather will go with me up
to Daves Camp a gain to mallow Daves
said he would have some fish so
I expect we will have a good time
May the Lord bless You all as the prays of you

Mather
