Dear Sam and Pauline:

I was wonderful to see you and your family this summer. I hope you will come see me sometime soon.

I was reading our Mother's "last letter to me" and I thought you might like to have it Sam.

You are the "baby" she speaks of. Mother was so good to call on all those dear old friends. She always thought about anyone except herself.

She died Aug 6th 1930 - just about a week after she made all those calls - and wrote to me.

Just thought you would like to have it.

Please keep in touch with me.

Truly
Louvina
