

Vincidell New Mex

~~June 3 1909~~

My Dear Mary, it is impossible for me to get home at the present time so I will write you a few lines. sorry that I have disappointed you. By telling you that I would be home in one month from the time I left. it is some different up here than I expected to find it. we have got poor grass on a count of it being so dry. and we are crowded for room and help. so much that we have to work all most night and day. I guess it is a good thing you didnt come out when I did. as we was

nine days on the road.
and a nother thing you couldnt
stand the work. We get up
every morning before day light
and dont get to bed before 10 or 11
~~o'clock at night. how would~~
you like that you no you have
to have lots of sleep.

We have got some Mexicans working
for us and we have to watch
them pretty close. they are very
careless. But the bridgert time
will soon be over now.
and then we want to mark
and brand the lambs. and get
them sheared a gam. and then
if it dont rain lots here will
come back over in the west
range and go a way north
up to words Creek. we have
got to get these sheep fat
if possible.

and then this fall I think
~~we will get rid of the most~~
of them. I am just sick and
tired of them. I would dont
care but having to be a way
from you so much. it is
getting to be Minoperos.

But you no we have got to
take care of them now. we
cant turn them loos with any
kind of men to heart them.
and have them loos them
after we have worked so
hard to get them.

so you will have to be
patient. and dont think I
all ways going to be a way
from home.

I havent got time to write much
more. Larance will go down as far
as Costella and get a little more
grub. and then we will send
for the Bishop to come back
~~with the Bishop and bring some~~
more. he will start back a bout
Monday so write me a long letter.
I am coming home as soon as
possible to stay a few days.

but I wont stay home much
before a bout the first of Sep
and then I had better come
to stay hadent I, or maybe before
what do you think a bout it.

well I hope you are well and
feeling good. I want to see you
so had I dont no what to
do. I was dreaming a bout
you all night last night.

But that makes me feel bad
to wake up and only a dream.

I suppose you got some one to haul
you a load of wood. tell me how
you have been getting a long any
way. and how you are feeling
now. all a bout it you no.

Be good and take good care of
your self. and we will be all
rite. so bless my sweet girls
heart good. by x x x x
