Dear Brother:

On the 11th of ~~next~~ next month the time will have elapsed th when you have been in the active missionary field for two years. I desire to give you this much notice that your release will be ready for you on or after that date. I am giving you this notice that you may make such arrangements as you desire to for sailing home.

You have labored well and faithfully in this conference and have given me, as you conference President, every support and aid possible. I shall regret greatly when the time comes for you to leave us. However I shall see you again before that time comes, and shall express to you personally my esteem and regard for your faithfulness. May the Lord bless and prosper you and your family for the sacrifices which you have made in His behalf.

With kind regards and ever praying for your continued good health and happiness, I remain,

Your brother and co-laborer,
